March 28, 2020

Dear Friend,

We've all been inundated with notices of concern "in these uncertain times" and they are, indeed, difficult times for all of us. Right now, I think it is more important to offer encouragement and brotherly love as we look toward a much brighter future. As long as we are following the guidelines and washing our hands, there is little more we can actually do. What we can do is stay in touch ... help each other ... be there for each other ... and raise a glass as we take a moment to appreciate all we do have!

With great friends across this nation supporting and comforting each other, we will be all right. Of this I am certain. We do want to know what is going on with you, how you are doing and if there is anything you need that we can provide.

You can contact me directly or through the national office and please stay in touch with those in your chapter who are closest to you. At this time, it is more important than ever that we stay connected.

Be well.

Per Vitem! Ad Vitam!
